Core switch replacement

The core switch at OXY HQ will be replaced in the first week of November. Spare parts for the old core switch are no longer available.

Plan for next week

The plan for the following week was discussed, but no specific decisions were made.

Other points

It was questioned whether the field offices need a VPN before the core switch cut-over. Bilal was tasked to confirm the outage window with OXY facilities.

+ Add a topic

Decisions — one per line

Replace the core switch at OXY HQ in the first week of November.

Risks & open issues — one per line

Spare parts for the old core switch are no longer available.
Field offices need a VPN before the core switch cut-over.

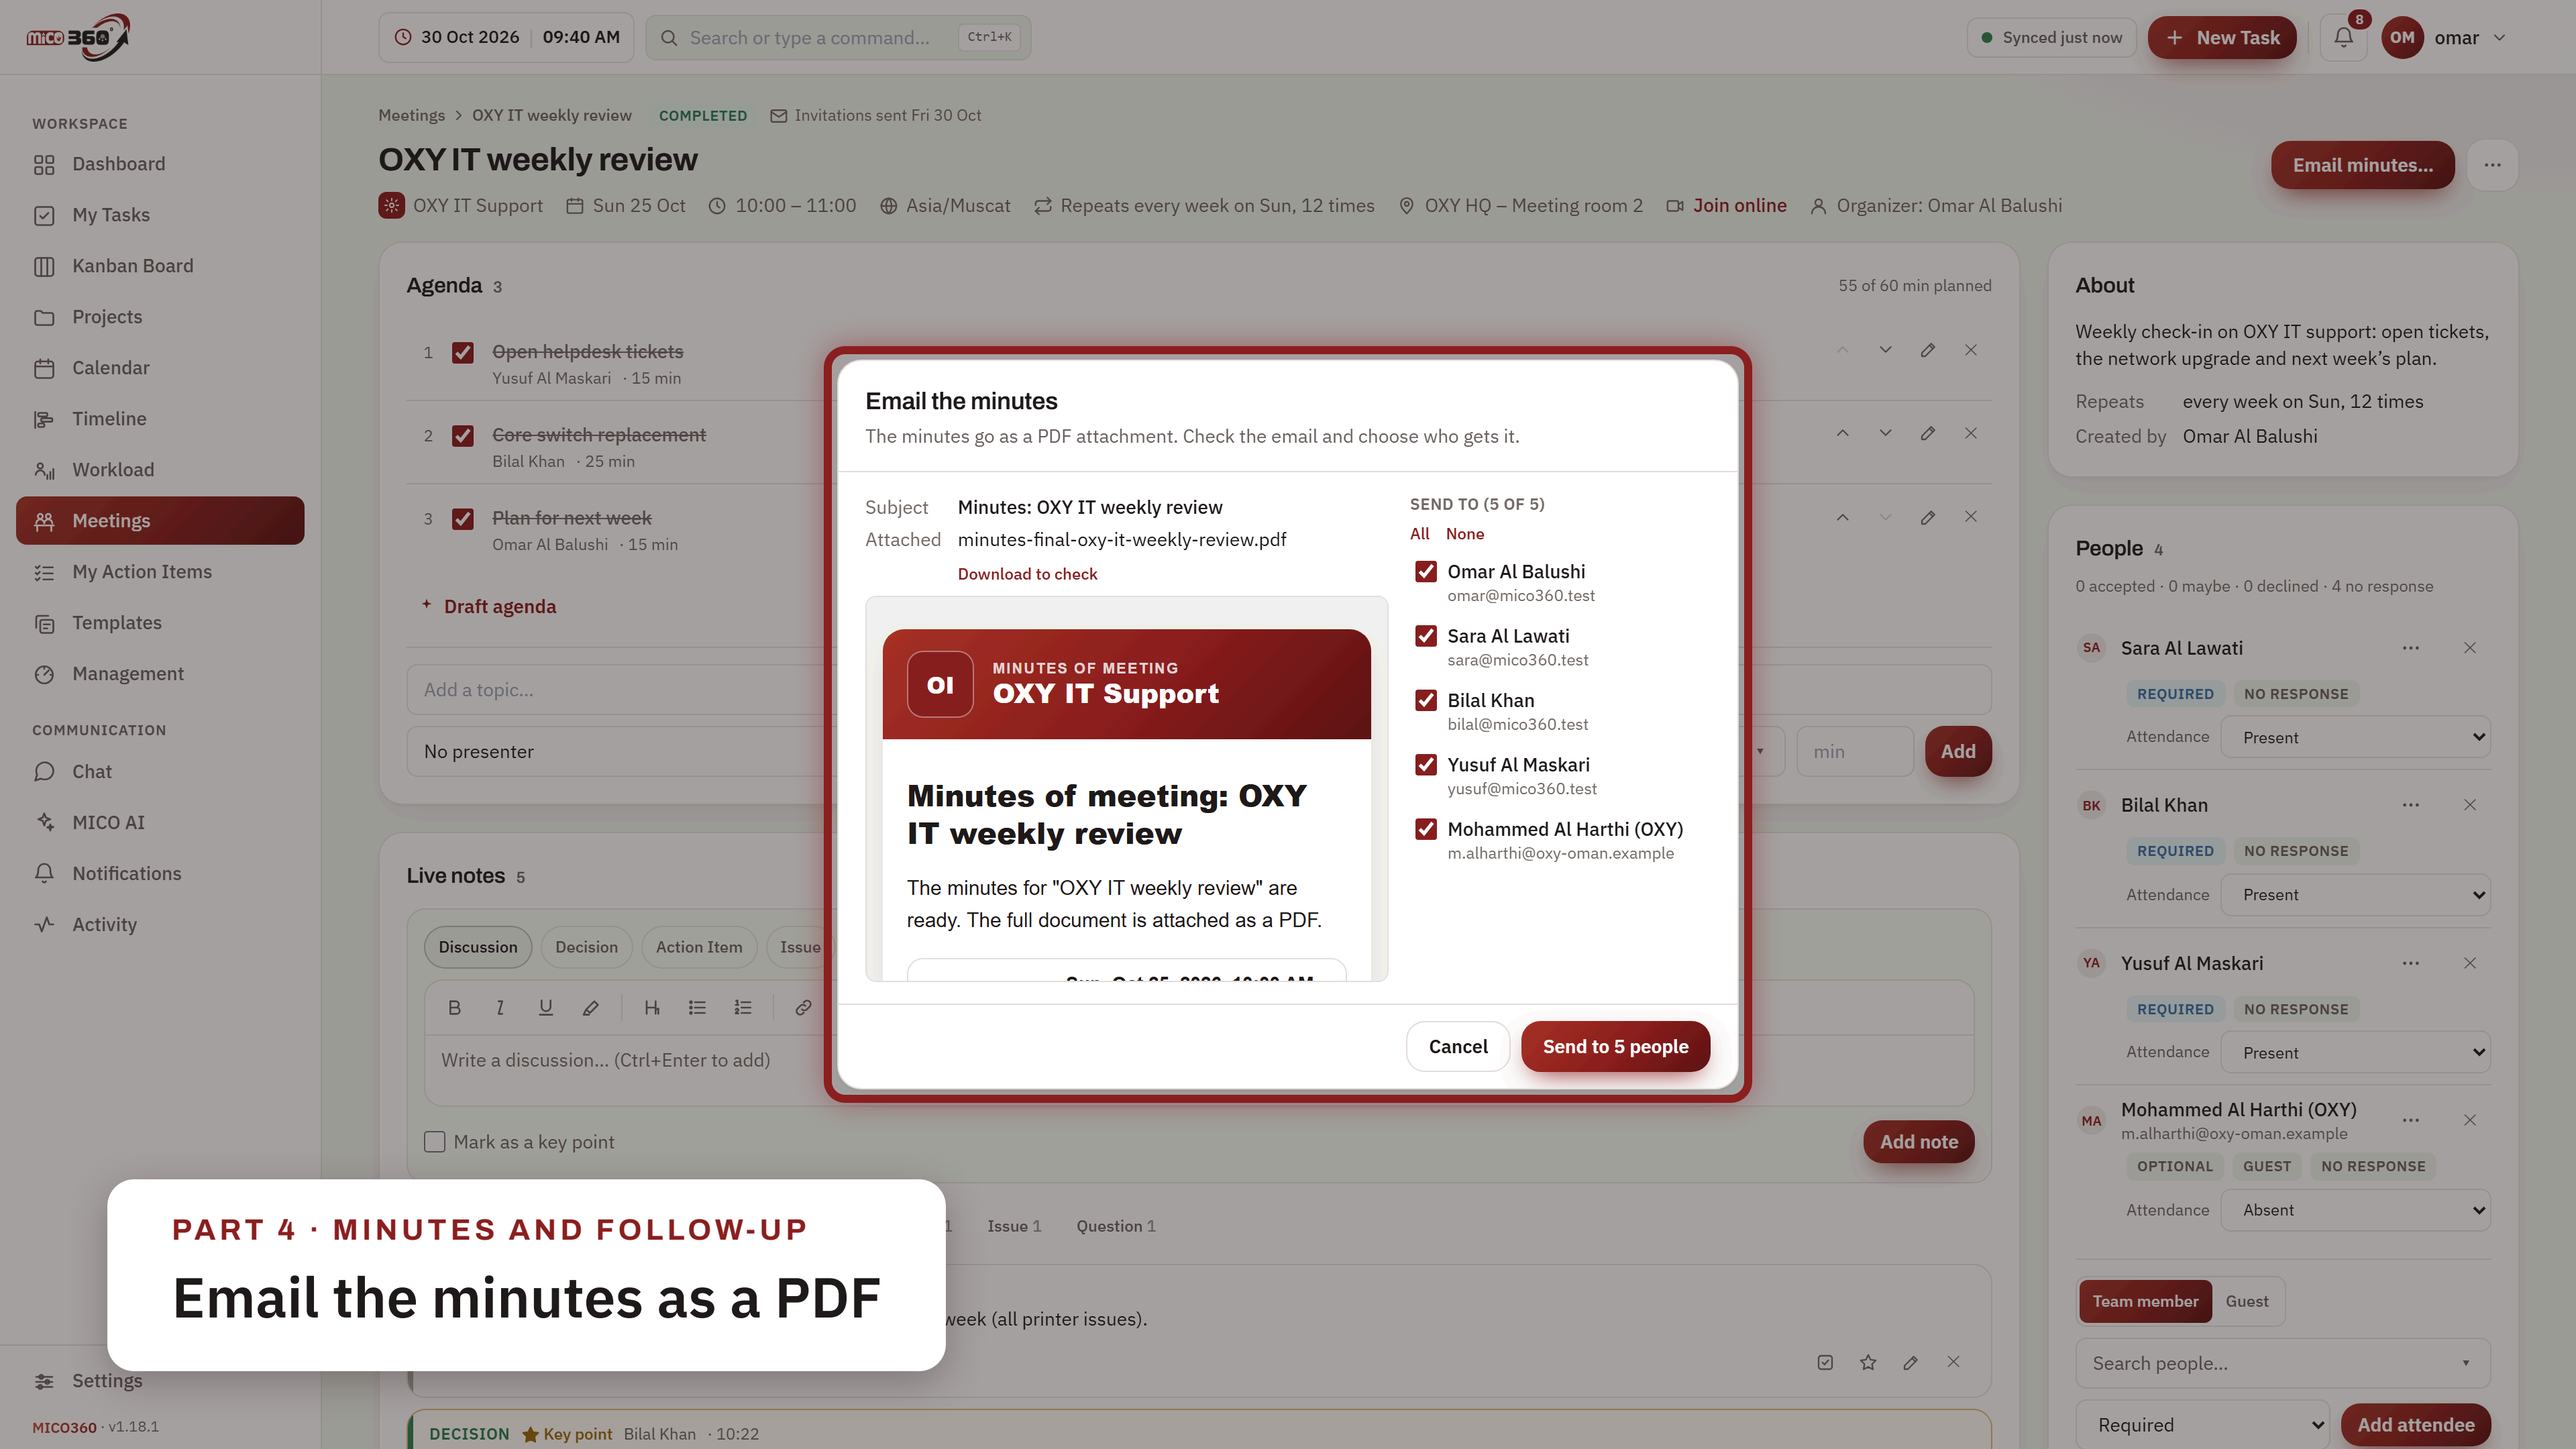

Next steps — one per line

Confirm the outage window with OXY facilities — owner Bilal Khan, due 2026-10-28
Prepare the VPN rollout plan for field offices — owner Yusuf Al Maskari, due 2026-11-05

Final Minutes of Meeting

FINAL · Approved by Omar Al Balushi on 30 Oct 2026, 03:06

Summary

The OXY IT weekly review meeting was held to discuss open helpdesk tickets, the core switch replacement, and the plan for the following week. The core switch replacement was decided for the first week of November, but spare parts are unavailable. The next steps include confirming the outage window and preparing a VPN rollout plan.

Discussion

Open helpdesk tickets

The meeting reviewed 14 open helpdesk tickets, with 3 older than a week, all related to printer issues.

Core switch replacement

The core switch at OXY HQ will be replaced in the first week of November. Spare parts for the old core switch are no longer available.

Plan for next week

The plan for the following week was discussed, but no specific decisions were made.

Other points

It was questioned whether the field offices need a VPN before the core switch cut-over. Bilal was tasked to confirm the outage window with OXY facilities.

Decisions

nber.
